February 5, 2021

To the residents and property owners of the City of Perry;

In an attempt to provide clarification of the ambulance special assessment.....

The 10-year special assessment for ambulance service with the city established in 2010 has expired with the collection of the July 1, 2020 tax billing. As Chief Hubbard explained at the hearing February 4, 2021 the special assessment had not had any increase in that 10-year term.

The yearly assessment to residents has been \$45.00 which was included in the line items on the summer tax bill. This assures high quality, local ambulance service availability to the residents and property owners in the city of Perry.

Due to the need to upgrade medical equipment, ambulances and to assure fair wage for the ambulance personnel an increase is needed. That increase of \$20.00 per year for residents is explained on the enclosed plans and estimates sheet.

There is more information available on the city web site but if you have questions regarding this information please contact city hall 517-625-6155.

A handwritten signature in cursive script that reads 'Sue Hammond'.

Sue Hammond, Mayor City of Perry
