Committee was in agreement to have July and Septembers meetings with Planning Commission to review all chapters between these two meetings. Sharlow asked Miller to email the May 2015 minutes to ZOUC and Planning Commission. These minutes contain the Brainstorming: List current issues with Ordinance and at the next ZOUC meeting the committee will be verifying the current draft addresses all of the suggested issues.

Technical Edits

Lloyd stated that he will be reading every page to seek errors and correct them. He also is researching to try and offer another electronic tool on the draft document which will allow options to go back to your last reference and home.
