

"Put Your Best Face Forward"

SCOTT NEROS and the dedicated staff at Williams Furniture & Kitchen Cabinets Mfg. Co., were recently honored with the monthly "Put Your Best Face Forward" competition.

Councilmember Mike Johnson selected this month's winner and presented the traveling trophy.

Williams was founded in 1986 by Scott Neros, a graduate of West Bloomfield High School. What eventually became his career began as a hobby and broadened while a vocational student in high school.

The manufacturing facility, located at 510 S. Main Street (corner of Bath road), houses the entire operation, equipped with all the essentials, to create custom cabinetry, furniture and focal points for the kitchen, bath, living room, bedroom, basement, library, media room, or wherever a customer desires.

Everything is made of quality hardwood purchased from the top Michigan mills.

Williams has seven employees plus installation crews available that help in the manufacturing process. Shipping is also available both near and far. In the past, the creative works of the Williams crew have been shipped to Colorado, Kansas, Oregon and Pennsylvania, just to name a few.

Staff members present during the award presentation, included (from left): front, Linda Neros (Scott's wife); owner Scott Neros; City Councilmember Mike Johnson; Tyler Neros; and Amanda Edington; along with (back) Dereck Perkins; Joe Holloway and George Beden.

To view the virtual showroom persons may log onto: www.williamskitchenandbath.com.

For more information about Williams Furniture & Kitchen Cabinets Mfg. Co., persons may call (517) 625-3570.
